

## **Bankier Library Renews Web Site**

**Beginning May 18<sup>th</sup>**, we are launching a newly-improved library web site. We overhauled the site after performing usability tests and engaging individual faculty, staff and students from different disciplines.

The information and resources are much the same, but the access is more user-friendly and better organized. One added feature is the list of tutorials that show how best to use the databases.

Faculty, **if you need time to adjust your syllabus or materials**, the old web site will be available through the end of August, under “In the Spotlight.”

### **Questions? Concerns?**
